BRITISH POLICEMAN IS HURT IN BOMB OUTRAGE

Explosion Near Jaffa Gate Kills Four Arabs

MISSILE THROWN AT MOTOR BUS

Jerusalem, July 8.
Four Arabs were killed and fifteen injured by the explosion of a bomb near the Jaffa gate today according to an official statement. Following this outrage a number of Jews were arrested. The principal streets and squares of the town are occupied by troops with fixed bayonets and wearing steel helmets. Machine-guns have been placed in position on the roofs of numerous houses. All shops in the old part of the town are closed. These precautions have been taken for fear lest further bloody clashes between Arabs and Jews should occur after the Mohammedan weekly public prayers which are offered up every Friday.

15 NATIONALIST PLANES SHOT DOWN

Paris, July 8.
Denying the figures published by the Spanish Nationalist headquarters on the results of the aerial warfare in June, Barcelona reports state that the Republican air force shot down 15 Nationalist bombers and 17 pursuit planes in June while the Republican losses were only five bombers and 13 pursuit planes during the same period.—(Transocean).

CHARMED IZUMO REPORTED HIT

Crippled By Bomb In Yangtse

Shanghai, July 8.
The Izumo, flagship of the Japanese Third Fleet, which left here three weeks ago for the Yangtse to take part in operations up river, is reported to have been hit by a bomb and to be anchored at Hsiakwan, Nanking. She will shortly come to Shanghai for repair, it is said.

Whether the 9,000-ton cruiser was really hit evokes considerable speculation here, as she is said to have a charmed existence. Several bombs were dropped on her during the early stages of the Shanghai war, but they failed to hit the ship. A torpedo was fired on the Izumo by a coastal motor boat but missed her.

Vice-Admiral Koshiro Oikawa, Commander-in-Chief of the Third Fleet, was aboard the Izumo when she weighed anchor from the Whampoo. At Woosung, the warship ran into a sandbank and was grounded for eight hours.—(International).

PEIPING LIVING COSTS RISE

Peiping, July 8.
The cost of living in Peiping has risen three times, as compared with the level prevailing two months ago.
The high cost of living has brought considerable suffering to the poor.—(International).

Japanese And The Paracels

Paris, July 8.
The Japanese protest against the alleged occupation of the Paracel Islands by France is widely commented on in the press. L'Epique says that Japan is not advancing as she would like in North China and is attracting attention in the South threatening the possessions of Hong Kong, Singapore and French Indo-China. Germany is treading in Japan's footsteps in supporting her protest. It may be supposed that the Japanese have an ulterior object in occupying the Paracels as jumping-off places south of Hainan. They contemplate taking Hainan some day in order to control Hanoi and the French China Sea.—(Reuter).

KOBE FLOODS' HEAVY TOLL

Tokyo, July 8.
Flood damage in Kobe and surrounding districts is estimated at 100,000,000 yen, according to a report issued by the police.

Up to yesterday, 311 persons had been drowned or killed, of whom 252 were from Kobe alone. Another 1399 have been more or less seriously injured and 430 are reported missing.

According to the first statistics, 1815 houses have been swept away by the flood waters while 1992 have collapsed or have been destroyed otherwise.—(Transocean).

JAPANESE ARMS DEPOT GUTTED

Chengchow, July 8.
The Japanese ammunition depot in the northern part of the Kalfeng city was gutted by fire on July 5, according to intelligence reports.
Heavy losses are said to have been sustained.—(Central News).

NO PLAY!

London, July 8.
There was no play in the Third Test match between England and Australia at Old Trafford yesterday on account of rain.

It rained for the greater part of the day and the wicket was, as a result, very soft while the outfield was under water in many parts.

The English team, looking forward to playing on a soft wicket, was greatly disappointed. The Australians, on the other hand, must have been relieved as there was a possibility of Bill O'Reilly and E. L. McCormick not playing owing to illness.—(Reuter).

CELEBRATIONS IN CANTON

On the occasion of the first anniversary of the outbreak of the Sino-Japanese hostilities a mass meeting was held in Canton on Thursday. In the above picture may be seen, from left to right, General Yu Hon-mau, General Heung Hon-ping, General Wu Tschien, Chairman of Kwangtung Province, General Morris Cohen and Mayor Tseng Yang-fu.

Chinese Trade Increase

Shanghai, June 8.
The Chinese tea, timber and oil trades have received great increase of demand for these products from Soviet Russia, state well-informed Chinese quarters.

In the course of the current year the tea exports to Soviet Russia are valued at more than 40 million China dollars while the exports of tung oil will amount to more than 30 million China dollars.

In exchange China will receive more than 100,000,000 gallons of Soviet Russian fuel oil. The Chinese tung oil is obtained from the seeds of the tung tree and is used mainly for painting steamers and is the chief material use today in Soviet Russia in building war vessels.—(Transocean).

Offer Gold Movement Realises \$790,000

Hankow, July 8.
The first day's "Offer Gold to the State" campaign netted \$790,000 in Hankow alone, including \$470,000 from the Bankers' Association, the Chamber of Commerce and the Landlords' Association, \$100,000 from four cotton mills, \$22,000 from the two hundred representatives at the People's Political Council which is in session here and also \$200,000 from public contributions at the receiving stations.—(Reuter).

JAPANESE OFFICER'S SUICIDE

Chengchow, July 8.
Tired of the protracted war, Major Tashima, a Japanese officer fighting on the north Honan front, committed suicide on the evening of July 5, according to a report received here.—(Central News).

H.K. SCHOOL LEAVING CERTIFICATE DEPLORED BY D.B.S. HEADMASTER

Governor, Lady Northcote Attend Annual Speech Day

HIGH TRIBUTES PAID TO THE REV. C.B.R. SARGENT

PRESENTING HIS REPORT at the Speech Day and Prize-Giving of the Diocesan Boys' School held yesterday afternoon, the Headmaster, Rev. C. B. R. Sargent, M.A., referring to the Hong Kong School Certificate, said that he continued to "deplore the way in which this examination dictates the work done in Class 2 and encourages boys to leave before their school education is satisfactorily concluded."

The Headmaster also revealed that a very important change had been the introduction of physical training throughout the school. His Excellency the Governor attended, and was accompanied by Lady Northcote who presented the prizes.

The Hon. Dr. Li Shu-fan, President of the Old Boys' Association, and Mr. P. S. Cassidy, Secretary of the School Committee, both paid warm tribute to the splendid work done by Mr. Sargent since he was appointed Headmaster in 1932. Mr. Sargent is shortly leaving the School to become Assistant Bishop in Fukien.

There was a large gathering present yesterday among whom were the Bishop of Hong Kong (Right Rev. R. O. Hall), the Director of Education (Mr. G. E. Sayer), Hon. Dr. Li Shu-fan, Colonel H. B. L. Dowbiggin, O.B.E., Very Rev. J. L. Wilson (Dean of the Cathedral), Mr. P. S. Cassidy, Mr. A. H. Compston and Capt. S. H. Batty-Smith, A.D.C.

Tea was served and the Band of the Middlesex Regiment, by kind permission of Major L. A. Newnham, M.C., and Officers, rendered pleasing selections.

The prize-giving ceremony took place in the School Hall which was full to capacity.

Bishop Hall presided and warmly welcomed His Excellency and Lady Northcote on their first visit to the School. His Excellency later addressed the gathering.

(Continued on Page 7)

FIGHTING RAGING NEAR HUKOW, PENGTSSEH

Chinese Forces In Complete Control Of Lungtanshan

Kukiang, July 8.
Despite the loss of Hukow, the Chinese forces are in complete control of Lungtanshan, an important height to the immediate east of the riverside town, from which they can menace the invaders' operations, according to a communique released here by the Chinese military authorities.

Hukow, according to the communique, was abandoned by the Chinese forces on the afternoon of July 5, after a violent engagement with the Japanese in which the latter suffered heavy casualties.

Throughout the afternoon of that day, the communique stated, the Chinese gallantly fought back until their defence works were all destroyed.

Early on the morning of July 6, the communique said, fresh Chinese troops arrived at a point to the east of Hukow and launched a furious attack at Mayingkiao and gained considerable ground.

To the east of Hukow, Chinese troops launched an offensive on the Japanese positions at Pengtse, and after several hours' grim struggle occupied Liussukiao, a little to its west.

After occupying this important point, the Chinese started an attack on the rear of the Japanese troops at Hukow. Terrific combat of unparalleled violence raged throughout yesterday and this morning.

The significance of the Japanese occupation of both Hukow and Pengtse was belittled by the communique. Huangyangling and Liussukiao, to the south and west of Pengtse, and Lungtanshan, to the east of Hukow, are firmly in Chinese hands.—(Central News).

REPLY TO "A WILD CHARGE"

UNDER the heading of "A Wild Charge" the North China Daily News in a leaderette in their issue of July 5, accuses the whole of the Hong Kong Press in general and the Hong Kong Daily Press in particular of not always being "what it should be when dealing with the hostilities in China."

The writer then continues "it emphasises the old contention that the farther commentators are away from the scene of the trouble the more rabid they become in their writing."

We suppose, according to this argument, that the closer one gets to the scene of action, the more timid one becomes. Surely the proper argument for a commentator is to be sufficiently far away to see clearly and in this case the Press in Hong Kong differs very slightly from the Press of Great Britain, or for that matter, that of the United States and France.

It does not matter one iota who breached the banks of the Yellow River. The mere presence of the Japanese army in China in this undeclared war of aggression places the blame on the Japanese.

The pathetic part, to our mind, is the way most of the Shanghai press appear to have modified their views during the last year vis-a-vis the Sino-Japanese hostilities.

JAPANESE PLANES CONTINUE RAID ON YINGTAK

Canton, July 8.
Yingtak station on the Canton-Hankow Railway was again the target of a severe raid by fifteen Japanese planes in two groups shortly after noon today.

Eleven bombs were dropped, causing damage to several lengths of rails.

At the same time, Yingtak city was also attacked by the raiders. Incendiary bombs, released by the Japanese fliers, caused two big fires in addition to over a score of houses demolished.

The number of civilians killed and injured, believed to be large, has not yet been ascertained.—(Central News).

Entire Air Mail Service

Wellington, July 8.

In New Zealand, as from July 26, the entire postal communication between New Zealand and those part of the British Empire already incorporated in the Anglo-Australian and Anglo-South African air services will be carried out by air.

Thus, for example, the entire New Zealand post to Canada and New Foundland will pass via England and be forwarded from there by plane in order to accelerate delivery.—(Transocean).

**BETTER VALUE
THAN EVER**

The Gillette No. 77 Set illustrated here, which contains the latest Gillette razor, three Blue Gillette blades and two blade holders in a new type of moulded box, has these definite advantages:

The razor is made in two pieces instead of three, as formerly, thus making it easier and quicker to clean, assemble and use.

The blades are made by the new electrical-tempering process. They give not only closer, cleaner shaves than you have ever had before, but also more shaves per blade.

The case is ideal for hot and humid climates as it is so easy to keep clean.

Ask your dealer to show you a No. 77 Set—one of the most popular that Gillette have ever made.

DIED DURING OPERATION

INQUEST VERDICT

Circumstances surrounding the death of a 58-year-old woman, Leung Sze, who died during an operation at the Queen Mary Hospital on June 5, were probed yesterday at an inquest held at the Central Court.

Mr. Butters sat as Coroner, assisted by a jury comprising Messrs. R. E. M. Devaut (foreman), M. T. Nunes and A. Heng.

It was stated that Leung Sze sustained a simple fracture in her left thigh, and a scalp wound on her left side of the head, as a result of a fall in a kitchen while preparing a meal. She was sent to the Queen Mary Hospital the following day for treatment.

Dr. Lien Soo-kin, of the Queen Mary Hospital, told the Court that deceased was admitted for treatment on June 5. She was subjected to an X-ray examination as a result of which it was confirmed that her left thigh bone was fractured. Dr. Lien decided to insert a wire to restore her condition.

OPERATION PERFORMED

The operation was performed on June 6. Deceased was put under anaesthetic, Sodium Evipan. Near the completion of the operation deceased's pulse weakened, her natural respiration was insufficient and she collapsed. Artificial respiration was then applied and deceased was also given a heart stimulant, but died.

Dr. Lien also added that on admission deceased's condition was good, though she was thin and feeble.

Dr. G. A. V. Ribeiro, who administered the Sodium Evipan said that the operation performed on deceased was considered to be only a minor one. He injected only one gram of Sodium Evipan dissolved in 10 cubic centimeters of distilled water.

The salt, it was stated, is used for an operation lasting 30 minutes or less. Deceased was examined before she was put under anaesthetic, and she was found to be fit to stand the anaesthetic.

CAUSE OF DEATH

Dr. G. H. Thomas testified to the post mortem examination. He found that her left thigh bone was fractured and there was a bruise in the left knee cap.

On internal examination he found that the lungs showed signs of pleurisy, and there was also signs of tuberculosis. The heart was surrounded with fat and the

Black Chinese Satin Now Very Popular

(From Our Own Correspondent) Canton, July 8.

Once discarded as cheap and old fashion, black Chinese satin is today sold well as air raid precautions dress and is particularly popular among well dressed women.

This native silk was first revived by taxi-dancers who find it cool and convenient. Its black and glossy appearance affords a striking background to the complexion of Oriental women.

No soap is necessary to wash Chinese satin, which is simply soaked in water and then exposed to the sun. Its smoothness and light weight are most agreeable for summer wear.

Popularity of this dress material has reached to new heights when the police suggest that people should not wear white, which draws the attention of Japanese bombers especially at night. Now men also wear this native black satin although only country people wore it in days of old.

FIVE CASES OF CHOLERA

Five cases of cholera, four from Victoria and one from the harbour, were reported to the local health authorities on Thursday.

The total number of cases reported during recent weeks is 87. There were six cases of enteric fever and four cases of dysentery on Thursday.

RESTRICTIONS IMPOSED

Quarantine restrictions have been imposed by the Government of Siam against arrivals from Hong Kong on account of cholera.

Quarantine restrictions have also been imposed by the Port Health Officer, Kulangsu, Amoy, against arrivals from this Colony on account of cholera.

main blood vessel was not healthy. The cause of death, in his opinion, was heart failure while under the influence of anaesthetic.

Dr. Dean Albert Smith gave evidence saying that one gram of Sodium Evipan was the normal maximum dose. It was generally used for a short operation and for initiating more prolonged anaesthesia.

After evidence was given in regard to the cause of the injuries, the jury returned a verdict of death due to heart failure following the proper administering of sodium anaesthetic.

FORTHCOMING WEDDINGS

The following forthcoming marriages are announced:
Mr. William Noble, Marine Officer, Butterfield and Swire, and Miss Lucille Margaret Partridge, of No. 218 Pokfulam Road.

Mr. Edward James Thomson, Mercantile Marine Officer, of the Indo-China Steam Navigation Co. Ltd., and Miss Ruth Francis Ingram, teacher, of No. 32 Kimberley Road, Kowloon.

Mr. Walter James Morris, of the Hong Kong Land Investment Co. Ltd., and Miss Ivy Kilburn Scott, of No. 10 Babington Path.

Mr. H. G. A. Schmidt, merchant of Ellenbud, Sassoon Road, and Miss Marie-Luise Hermann, Secretary, of Courtland, Kennedy Road.

PASSENGERS ARRIVED

The following passengers arrived yesterday from Shanghai by the S.S. Ranchi:—

Mrs. J. Arnade and two children, Mr. I. Assudamal, Mr. C. O. Beattie, Mr. and Mrs. W. C. D. Bowen and infant, Mr. and Mrs. C. A. Boykin and three children, Mr. W. Bury, Mr. A. T. Calmeross, Mr. C. J. Chancellor, Madam Chen Manchun, Mrs. A. M. L. Daly, Captain J. V. Davidson-Houston, R.N., Mrs. J. V. Davidson-Houston with three children and nurse, Mr. E. G. Dyche.

Rev. and Mrs. M. A. Farren, Miss D. M. Fuller, Mr. A. P. Taylor, Mr. and Mrs. C. W. Glover, Mr. H. H. Grossman.

Mr. and Mrs. A. Healey, Mrs. A. C. Heard-White, Mr. A. S. Hersee, Mr. F. C. Hobbs, Mr. R. J. Holmes, Mr. and Mrs. N. F. Hsu.

Mr. and Mrs. A. E. Jones, Mr. A. R. Joynson, Rev. W. Lamott, Miss J. Landon, Mr. C. T. Lee, Mr. Lum Gar-beng, Mr. C. Lin, Mrs. E. H. Low.

Mrs. C. L. Martin and two children, Mr. A. Marshall, Mr. R. Mathieson, Mr. P. St. G. Maxwell, Mr. Henry McAleavy, Mr. K. D. Melvani, Mr. and Mrs. E. A. Miles, Mr. W. Nakamura, Mr. F. M. O'Hara, Mr. H. M. Farwani, Miss D. Rubin, Mr. and Mrs. J. Sabatelli and three children, Miss M. Sheridan.

Mr. C. Smith, Mr. H. Smith, Mr. W. Smith, Mr. and Mrs. R. L. Sun, Mr. and Mrs. C. Talbot, Miss Talbot, Mrs. S. B. Talati, Miss Talati.

Mr. P. Telfer-Smollett, Mr. H. Thamandas, Mr. T. Tiedell, Lieut. (E) C. W. Treweek, Mr. and Mrs. H. C. E. Tubb, Mr. L. T. Wang, Miss Whitecome.

ALLEGED ATTACK ON CONSTABLE

THREE MEN SENT TO PRISON

Appearing before Mr. Lockhart-Smith at the Central Court yesterday on a charge of inflicting grievous bodily harm on a police constable on May 27, Li Chuen, who pleaded guilty, was sentenced to six months' hard labour.

Two other unemployed men, Yu Hing and Lo Kan-yun, who were charged with aiding and abetting, were each sentenced to three months.

Mr. J. M. d'Almada Remedios represented the second and third defendants. Detective-Inspector L. R. Whant was for the prosecution.

It was stated that Chinese constable, C472, went to a tea-house with two friends. A man came in and bumped into one of his friends. To avoid further trouble, the party left the tea-house, but was surrounded by a crowd in Stanley Street, who attacked them. It was alleged that defendants were amongst the crowd who assaulted the constable.

Acting on information received, Lai Fun, together with two other detectives, arrested the defendants on July 1.

N.Z. ASSOCIATION OFFICERS

The Australian and New Zealand Association held their annual meeting at the Gloucester Hotel yesterday. The officers elected for the coming year were as follows:—

President—Mr. G. E. Dudley; Vice President—Mr. F. J. Neill; Secretary—Mr. H. Brokenshire; Treasurer—Mr. T. R. Ingram; Committee—Messrs. H. Long, J. L. Anderson, J. Wolfe, T. G. Stokes, R. J. McNeil.

UNCLAIMED TELEGRAMS

The following unclaimed telegrams are lying at the offices of Cable and Wireless Ltd.:—
A. Hiddkaka, s.s. Fushimi Maru, Yusen, from Paris; Donald K. Porter, U.S.S. Asheville, from Chungking; Fohzien Ede Danica, from Shanghai.

Mr. H. Wilkinson, Mr. E. Williams, Mr. and Mrs. J. Wisher, Mr. C. H. Woo, Mr. S. S. Wu, Mrs. Yee Woo, Mr. K. W. Yin and two servants, Mr. S. C. Young.

CATHOLIC NEWS AND NOTES

THE CARMELITE CONVENT

Next Saturday the Carmelite Sisters at Stanley will celebrate the Feast of Our Lady of Mount Carmel, from which their Order takes its name. Carmel is a mountain in the north of Palestine near Acre, and there is said to have been a continuous succession of hermits living there from the days of Elias, nine hundred years before Christ, until the time of the Crusades.

The Carmelite Nuns, however, practically owe their origin to St. Teresa, who so changed the Order which existed before the sixteenth century that it was practically a new foundation. These Sisters live an enclosed life in the convent, and their lives are spent mainly in prayer. There are more than five hundred such convents scattered over the world. This year, for instance, one is being founded in Iceland and another in the Malay Peninsula. Each convent is a separate unit and has not more than twenty-one members.

The Convent at Stanley was built only two years ago, the Sisters occupying a house in Robinson Road for some years before it was erected. The founders of the Community were a small group who came from Belgium, but now most of the Sisters are Chinese.

A ROOSEVELT BISHOP

The visit of the Apostolic Delegate to the United States to the State of New Jersey a few months ago recalled the fact that there was a Catholic Bishop in the Roosevelt family. The occasion of the Delegate's visit was the installation of the first Archbishop of Newark the head of a new ecclesiastical province of New Jersey which was recently established.

The first Bishop of Newark was one of the Roosevelt family. Most Rev. James Roosevelt Bayley, who left his mark in many ways in the diocese that he ruled and wrote books dealing with the early history of the Church in the United States.

His story was an unusual one. Like all the Roosevelts he was a Protestant from his birth, and after completing a course of study in literature and science he decided to become an Episcopalian minister. He spent some time in the ministry and when he showed leanings towards the Catholic Church his family became alarmed, and at his grandfather's suggestion he was sent to Rome, because it

was thought that if he saw the Catholic religion at its centre he would not wish to join it.

The exact opposite happened, and in April 1842, in the room in which St. Ignatius lived, now a chapel, he was received into the Catholic Church by an Irish Jesuit Fr. Esmond. After spending some years as first Bishop of Newark, he was made Archbishop of Baltimore, the first Archbishop of Baltimore in the United States.

ELIZABETH SETON

The Roosevelt Bishop whom we have just recalled had a Catholic relative, and it was possibly because of her influence on his entry into the Catholic Church that he arranged to be buried near her tomb. This relative was Elizabeth Seton, Foundress and First Superior of the Sisters of Charity in the United States.

She was a sister of the Bishop's father, and it was only after she had been left a widow with five children that she became a Catholic. Shortly after this she decided to open a school for girls in Baltimore, and this in turn became a convent under her direction. It took several years before negotiations were complete, but eventually, in 1813 she and eighteen companions finally took their religious vows, and the Convent was formally established.

Her influence on religious life in the United States was considerable, and her cause is under consideration with a view to her ultimate beatification.

BRAZIL HONOURS 'COFFEE FRIAR'

The coffee industry in Brazil owes its origin to a Franciscan friar, and his memory is now to be honoured by the issue of a special postage stamp.

Coffee had been introduced into the French West Indies and into French Guiana in the 18th century. It was at this time that Fr. Francisco Puleto, a Franciscan Friar, a native of Brazil, happened to visit Cayenne and tasted the beverage. He was so delighted with it that he brought back some seeds with him and tried to grow them in his own country.

He belonged to one of the northern states and there he was not very successful, but he made new experiments further south, and met with great success in the States of San Paulo and Rio de Janeiro. Now coffee growing is Brazil's chief industry, and Brazil is the greatest coffee-producing country in the world.

ST. JOHN'S CATHEDRAL

Class IXB, Scripture: Peter Coombs; Handwork Allan Jex.

Class X, Handwork Alice Oel; Scripture Derek Kew.
Prizes for 1938:
Commercial Class: Progress Julia

CHRISTIAN SCIENCE LESSON SERMON

Subject: Sacrament
The subject of the Lesson Sermon in all Christian Science Churches tomorrow July 10 will be "Sacrament."

The Golden Text will be "Let us keep the feast, not with old leaven, neither with the leaven of malice and wickedness; but with the unleavened bread of sincerity and truth." (1 Cor. 5:8).

Among others the following citations will be read from the Bible: "Purge me with Hyssop and I shall be clean; wash me and I shall be whiter than snow. Create in me a clean heart, O God and renew a right spirit within me. Restore unto me the joy of thy salvation; and uphold me with thy free spirit. For by one spirit are we all baptised into one body, whether we be Jews or Gentiles, whether we be bond or free; and have been all made to drink into one Spirit" (Ps. 51:7, 10, 12, 1 Cor. 12:13).

The following citations will also be read from the Christian Science Textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The baptism of Spirit, was ling the body of all the impurities of flesh, signifies that the pure in heart see God and are approaching spiritual life and its demonstration. It is 'easier for a camel to go through the eye of a needle, than for sinful belief' to enter the Kingdom of heaven, eternal harmony. Through repentance, spiritual baptism and regeneration, mortals put off their material beliefs and false individuality. It is only a question of time when 'they shall all know Me (God) from the least of them to the greatest.' Denial of the claims of matter is a great step towards the joys of Spirit, towards human freedom and the final triumph over the body." (Page 241)

ANNOUNCEMENTS
First Church of Christ Scientist, Hong Kong, a Branch of The Mother Church, The First Church of Christ Scientist in Boston, Mass., MacDonnell Road close to Tram Station. N.B.—The Church is open to the general public.

FOOT ITCH Athlete's Foot

According to the Government Health Bulletin No. E-28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

Beware of it Spreading

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments seldom do any good.

HERE'S HOW TO TREAT IT

The germ that causes the disease is known as Tinea Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

THE SERVICES

ROYAL NAVY

H.M.S. DUNDEE

The escort vessel Dundee recommissioned at Portsmouth on July 5 for further service on the America and West Indies Station. Captain C. C. A. Allen, who was promoted at the New Year after being staff officer (operations) in the Nore Command, has already succeeded Captain L. C. A. St. J. Curzon-Howe in command.

The Dundee returned to Portsmouth on March 14 from Barbados on the conclusion of her second commission on the America Station, and has since been in dockyard hands for refit and repairs, which will be completed this week. She is to proceed to Portland on July 18, and will leave England for her station at the end of that month.

SUBMARINE TRAINING

The Oberon and Ostris, belonging to the 5th Submarine Flotilla, Portsmouth, are to leave for an officers training cruise. They will visit Harwich and the Port of London, returning to Portsmouth on July 8.

CRUISE OF THE VINDICTIVE

H.M.S. Vindictive, Captain E. J. Spooner D.S.O., cadet training cruiser, will remain in the Baltic for another three weeks. From Ekno Island she is due to go to Stockholm from July 1 to 6, and to Lapvik from July 7 to 22. She will return via the Kiel Canal, passing through on July 25, and is due at Chatham on July 27.

BANDA-NEIRA COMMEMORATION

Commodore W. E. C. Tait, M.V.O., A.D.C., and the officers of the R.N. Barracks, Portsmouth, recently entertained at dinner members of the Committee of the Marine Society to commemorate the founding of the society in 1788 and the capture of the island of Banda-Neira, near Java, in 1810, by four ships under Captain Sir Christopher Cole.

A handsome silver vase which was presented to Sir Christopher Cole by his fellow captains, and which was bequeathed in 1862 to the Marine Society (training ship Warspite), is now on loan to the wardroom officers, mess of Portsmouth Barracks. Representing the society were Sir Philip Devitt,

Admiral B. S. Thesiger, Commanders H. P. Mead and A. W. Clarke, and Captain C. G. A. Lenny (secretary).

R.N. AND R.M. RUGBY UNION

A meeting of the R.N. and R.M. Rugby Union will be held at the Admiralty (Room 60, West Block, first floor) at 11 a.m. on July 22 to elect the committee and officials. The meeting will receive the report and balance-sheet for the season 1937-38 and consider financial grants to clubs.

NAVAL APPOINTMENTS

The following appointments are made by the Admiralty:—Capt. C. Cantile, D.S.C., to Royal Oak in command, and as Flag Capt. and Chief Staff Officer to R/V.A. Second Battle Squadron (Aug. 10); C. H. Knox-Little, to Resolution, in command (on re-commg.); G. L. Warren, to St. Vincent, in command, and in charge of Boys' Training Establishment (Sept. 15); C. M. Blackman, D.S.O., to President for duty inside Admiralty (July 15), and as Director of Operations Division (July 22); M. M. Denny, to President, as Deputy Director of Naval Ordnance (July 22); W. R. Slayter, D.S.C., to President for duty inside Admiralty (July 15), and as Asst. Director of Naval Ordnance (July 22).

Cdr. H. W. Williams, to Verdiz, in command (July 8); R. E. Jolly, to Mohawk (July 12); A. M. Sheffield, to Winchester, in command (July 22); P. N. Walter, to Fame, in command; C. F. Tower, M.V.O., to Escapade, in command (July 28); D. H. S. Craven, to Hood (July 29); J. S. C. Salter, to Dryad (Aug. 18).

Payr. Cdr. (Temp. Payr. Capt.)—J. Dent to Drake (Sept. 30).
Lts.—R. L. Boddy, to Tamar (June 27); R. S. Brooke, F. A. B. Farnon, to Victory for course (July 1); J. O. H. Burrough, to Greyhound (on re-commg.).
Surg. Lt.—W. A. Ryan, M.B., to Hastings (undated).

Payr. Lt.—I. G. Mason, to Pembroke for Liverpool (Aug. 1).
Sub-Lt.—H. F. Bond, to Fury (July 7).
Cd. Gunners.—E. Cove, to Victory for R.N.B. (July 18); R. A. Wright, to Excellent (July 21); J. H. Godfrey, to Iron Duke (July 25); E. E. Goodall, to Excellent (June 27); S. W. H. Martin, to Drake (Aug. 30).

A.R.P. SERVICES AND AGE RESTRICTIONS

British Girls Indignant

Thousands of British girls are indignant at the age restrictions which ban them from joining the A.R.P. services. There is a strict age limit in all areas, and in some districts women under 30 have been turned away.

Demanding that petty age restrictions should be removed, they ask: "Why should we be deprived of the chance to work for the defence of Britain? Why should our enthusiasm be checked in this way?"

Lady Rhys Williams—daughter of Elinor Glyn—who is co-operating with Commander Stephen King-Hall in writing a book to be called "Defence: What Can I Do? What Shall I Do?" told me, writes a Home correspondent.

"There are hundreds of young women who would like to join the A.R.P. services, but they cannot do so because they are considered too young."

EQUAL TO EMERGENCY

"What should be realised is that older women have in most cases got children and old people to care for, and would be unable to leave

their homes for duty as wardens in time of emergency.

"The coolness and common sense of the modern girl are equal to any emergency, as can be seen in any hospital out-patient department."

"If the age limits were lifted there would be plenty of recruits for A.R.P. especially if uniforms were supplied."

"There is much to be said for a uniform as a means of stimulating esprit de corps and that impersonal sense of duty which is the essential mark of a disciplined body, and the greatest of all guards against panic."

Gunners.—J. M. Larder, to Pembroke (July 6); J. R. F. W. Green, to Resolution (July 7); J. R. Capper, to Drake (July 19); C. K. Laban, to Neptune (July 20); D. Cull, to Gloucester (Aug. 9); S. C. S. Moon, to Lucia (Aug. 23).

PROMOTIONS

Lts. (E)—H. W. Mole, J. H. D. Middleton, B. R. Faunthorpe, R. D. French, A. B. Vickery, to rank of Lt. Cdr. (E) (seny. July 1).
Sub-Lts (F/O, R.A.F.)—A. T. J. Kindersley, to act. rank of Lt. (seny. Jan. 16); R. E. T. Tylour, to act. rank of Lt. (seny. March 15); A. T. Darley, M. R. Maund, to act. rank of Lt. (seny. May 16).
C. S. O.—W. J. Stephens, to rank of Payr. Lt. (seny. June 15).
"Wt. Elect.—H. M. Pain, to rank of Cd. Elect. (seny. June 26).
"Wt. S.O.—R. B. Corkrey, to rank of Cd. Supply Officer (seny. June 15).

ROYAL AIR FORCE

TANGMERE STATION COMMAND

Group Captain F. Sowrey, D.S.O., M.C. A.F.C. has been appointed to

the command of Tangmere air station, Chichester, after two years as Senior Personnel Staff Officer with No. 23 (Training) Group, Grantham. He succeeds Group Captain K. R. Park M.C., D.F.C., A.D.C.

ARMOURD MOTOR-BOATS

With effect from June 2 alrmen forming the crew of the armoured motor-boats which are used for bombing practice may receive duty pay of 6d. for each day on which they proceed to sea on duty. An additional 6d. a day will be allowed for days on which the boats are actually employed as targets. This arrangement is in substitution for the rate of 1s. for each day on which boats are actually employed as mobile targets.

NAVIGATION SCHOOL STAFF

Squadron Leader A. W. Bates, who has been serving with flying boats at Singapore since 1936, has been appointed to the School of Air Navigation for flying duties. From 1918 to 1923, when he retired voluntarily, he served in the Navy, from cadet to lieutenant.

He then joined the R.A.F. with a short service commission, and

PARAMOUNT'S NEW STAR

A tender story of two young lovers caught in the cross-currents of their past indiscretions opens at the Alhambra Theatre today. It is "Stolen Heaven."

Playing the leading role opposite Gene Raymond is Olympe Bradna, Paramount's vivacious importation from Paris, who is being hailed as the "first star of 1938."

"Stolen Heaven" tells a romantic tale of an enticing pair of jewel thieves who, in their attempts to elude the police, hide away in a remote forest, where they find temporary refuge in the cottage of an old musician, whom the world has long forgot. This man, played by Lewis Stone, represents a side of the world the young scamps have never known before. He is sentimental, generous and trusting and offers Olympe and Raymond refuge from their pursuers.

D. G. S. PRIZE LIST

(Continued from Page 3)

1938 Music Examination Results: Trinity College of Music, London. Betty Lee (Junior Division); Polly Tachacumpat. (Preparation, Division with merit); Janet Cotton (Preparation, Division with merit); Patsy Moreland. (First Steps with merit).

Second Class, Vera H. Carvalho; Stella Heul; Anita Ma; Julia Place; Jennie White; Rosemary Wong. Shorthand: Speed (70 words per min.) Anita Ma.

Theory (Stage D): Vera Carvalho; Stella Heul; Audrey Ho; Julia Place; Jennie White; Annie Wong; Rosemary Wong.

Winner of Lugard Scholarship: (1937) Daphne Ho.

PAN-AMERICAN SERVICE

The passenger bus of Pan-American Airways, which conveys air travellers from Kai Tak Airport to their hotels or residences, awaiting the arrival of a plane.

HIS HORSE VANISHED

Mr. Edward Hobbs of Gunn's Plains, Tasmania, received a shock when a horse, he was leading suddenly disappeared as if by magic.

One moment it was plodding up a hill behind him. Then he felt a jerk on the reins, and they flew from his grasp. He turned round—and the horse had apparently "evaporated."

Going back a few paces, he found the ground had given way and the horse had fallen to the bottom of a dry subterranean creek 20 feet below. It was unhurt.

STARS BATTLE IN FILM

Not since the days when Tom Santschi and William Farnum clashed in a superhuman battle for "The Spoilers," 22 years ago, has the screen witnessed a struggle as great as the one between Carole Lombard and Fredric March in the David O. Selznick technicolour production, "Nothing Sacred," directed by William A. Wellman, which comes to the Majestic Theatre today.

Meeting in a hand-to-hand encounter in the first knockdown fight between a man and a woman ever filmed. Miss Lombard and March kick, punch, shove and wrestle through many reels in this great comedy.

Other players who add to the fun and hilarity in "Nothing Sacred" are Walter Connolly, Charles Winninger and Maxie Rosebloom who appear in featured roles.

Lady Northcote will distribute the prizes at the annual prize day of the St. Paul's Girls' College on Friday at 4.30 p.m.

MARINA HOUSE

BRITAIN ASKING INSURGENTS FOR CLARIFICATION

CABINET'S ATTITUDE TO FRANCO'S REPLY STILL UNDECIDED

London, July 8.

Mr. Neville Chamberlain, Premier, stated in the House of Commons yesterday that he was as yet unable to make a full statement regarding the insurgent reply to the British note on the bombing of British ships.

The British Government had found it necessary to ask the Burgos authorities to explain the exact meaning they attach to their disclaimer of their intentions of deliberately attacking British ships, said Mr. Chamberlain.

The British Government had frequently expressed the view that the deliberate bombing and sinking of merchantmen was never admitted by International Law, added the Premier, still less the machine-gunning of their bridges and docks (Cheers).

The Government would give most sympathetic consideration to the practical proposals which the Burgos authorities intimated they would make for the purpose of humanising warfare.

Referring to the Insurgents' proposal for the establishment of a "safe" port at Almeria, preliminary examination had revealed difficulties, such as deficiencies in such a plan for discharging vessels, lack

of communication with the rest of Spain, and other factors, said Mr. Chamberlain.

The British Government was at present considering the views of British shipping interests on the matter.

Replying to Major Clement Attlee, Opposition Leader, Mr. Chamberlain said that consideration must be borne in mind whether, by the establishment of a special port, the right to bomb other areas would be admitted by the British Government.

Meanwhile, Sir Robert Hodgson, British Agent at Burgos, is remaining in London for the present. (Reuter).

CHINESE ABROAD CONFIDENT OF FINAL VICTORY

Berlin, July 8.

"The unity of 450,000,000 people in China will succeed in driving out the enemy and restoring the integrity and sovereignty of our land," said the Chinese Ambassador, Dr. Cheng Tien-fang, in an address to 400 Chinese residents of Germany on the occasion of the first anniversary of the Sino-Japanese War yesterday.

"Japan will never bring China to her knees. The deeper the Japanese invade our land the greater will be the difficulties they will encounter," he said. (Reuter).

ITALIAN FAVOUR

Rome, July 8.

The first anniversary of the Sino-Japanese war was extensively noted in Italian newspapers by articles praising the Japanese military prowess. (Reuter).

HEAVY FIGHTING IN KIANGWAN

Guerillas Engage Japanese

Hankow, July 8.

Heavy fighting broke out between Chinese guerillas and Japanese troops at Kiangwan on the night of July 5, according to a Shanghai message.

At 9 o'clock the next morning, when fighting was still continuing, nine Japanese planes flew over the field to bomb the guerillas whilst a small Japanese warship steamed into the Wantaoopang Creek to shell them.

To avoid unnecessary losses the guerillas dispersed.

Chinese planes reconnoitred Woosung, Yanghong, Tazang, Chapei and the western districts of Shanghai both in the afternoon of July 6 and the morning of July 7. Japanese anti-aircraft guns fired ineffectively at them. (Central News).

PRES. QUEZON IN TOKYO

Tokyo, July 8.

President Manuel Quezon of the Philippine Islands, who arrived here on a visit yesterday, was entertained at a banquet last night by General Ugaki, Japanese Foreign Minister. (Transocean).

FAMOUS GERMAN AUTHOR DEPRIVED OF CITIZENSHIP

Berlin, July 8.

Erich Maria Remarque, the famous author of "All Quiet on the Western Front" and "The Road Back," has been deprived of German citizenship.

He was recently accused of having smuggled money out of the country. He is now living in Ronco, Switzerland, where he owns an estate. (Transocean).

GERMANS IN ENGLAND

With British-born Wives And Children

London, July 8.

Asked if he would consider the possibility of finding room for additional German refugees by cancelling permission of German non-refugees to remain in this country, the Home Secretary, Sir Samuel Hoare, said in Commons yesterday that occasion for such action would only arise if there were in this country a number of German subjects who could be required to leave without undue hardship to themselves or disadvantage to ourselves.

That was not so, he said. Apart from those who had been settled here for many years, many with British-born wives and British-born children, a large proportion of those admitted to this country were either refugees or persons admitted for special purposes, such as technicians, who leave the country when they have fulfilled their mission. (British Wireless).

TRAINING OF PILOTS IN CANADA

London, July 8.

The Air Minister, Sir Kingsley Wood, told the House of Commons yesterday that arrangements were being made, in accordance of the offer of the Canadian Government, for an officer to be sent immediately to Canada to explore the possibility of working out a scheme for training pilots in Canada. (British Wireless).

LOCKHEED PLANT BUILDING PLANES FOR BRITAIN

Los Angeles, July 8.

The Lockheed Aircraft Corporation, Burbank, California, has announced that production is starting next week on the 200 reconnaissance, aircraft purchased by the British Government for the Royal Air Force.

The value of the order placed with the Lockheed Aircraft Corporation is U.S.\$1,000,000.

The first machines are expected to be ready for shipment within three months, and the entire order for 200 machines will be completed before the end of 1939. (Reuter).

Roosevelt On Tour

President Franklin D. Roosevelt has departed on a nine days' tour to the Pacific Coast, in the course of which he will make a number of speeches on behalf of Liberal candidates who are fighting for Democratic nominations in the forthcoming elections. (Reuter).

CANADIAN IMMIGRATION EXCLUSION

Ottawa, July 8.

The National Conservative Convention being held here has passed a resolution recommending that the Canadian Government take effective steps to exclude Orientals from Canada and suggesting that a scheme of selected immigration be instituted in favour of families from Britain, Ireland and France. (Reuter).

Palestine Outrages Continue

TROOPS SENT FROM EGYPT

London, July 8.

Two battalions of troops have been ordered, to Palestine from Egypt at the earliest possible date. (Reuter).

FURTHER OUTRAGES

Jerusalem, July 8.

H.M.S. Emerald is expected at Haifa this afternoon in view of the tense situation there.

Official figures dealing with Wednesday's terrorist outrages in Haifa are: 21 Arabs and six Jews killed, and 92 Arabs and 11 Jews injured.

Further outrages occurred yesterday when the Deputy Police Superintendent had a narrow escape from a bomb flung at his car outside an hotel in Nazareth.

His revolver jammed when he attempted to fire, with the result that the assailant escaped. (Reuter).

NAZI CONGRESS

Berlin, July 8.

The National Socialist Party congress will take place in Nuremberg from September 5 and 12. (Transocean).

Difficulty Of Receiving Refugees In Dominions

EVIAN CONFERENCE SEEKS HOME FOR UNWANTED THOUSANDS

Evian, July 8.

At yesterday's meeting of the International Refugees Conference, which is seeking homes for thousands of outcasts from their native lands, the Australian delegate dwelt on the difficulties of immigration to Australia.

The Australian Government, however, realising the unhappy plight of German and Austrian Jews, has included them on a pro rata basis comparable with that of any other country.

The Canadian representative alluded to the difficulties of receiving considerable numbers of refugees, though Canada was ready to collaborate in the efforts of the Committee. He urged that countries sending refugees to Canada should contribute to the cost of their transfer, and also suggested collaboration with the League of Nations organisation.

The Brazilian delegate said that Brazil had an open door for agriculturists, although they would have to give an undertaking that they would not quit their occupation for four years.

The Belgian delegate spoke of the number of German and other refugees received by Belgium. The Netherlands delegate declared that Holland had already admitted 24,000 German refugees, and suggested that the Netherlands should be regarded as a transmigration country.

The Argentine delegate pointed out that Argentina already had the largest immigrant population of any nation, and declared that the Argentine declined to receive immigrants who objected to being assimilated with Argentine nationals.

CONFERENCE ADJOURNS

The Conference then adjourned until Saturday.

Professor Heinrich Neumann, the famous Vienna ear specialist, has arrived here at the head of a delegation from the Jewish community of Vienna, with an appeal to the Conference to facilitate the emigration of Jews from Austria.

Professor Neumann told Reuter that the delegation had gone to Evian purely in a private capacity, but with the approval of the Vienna authorities, which promised to assist the emigration of Jews from Austria.

A similar delegation has arrived from Berlin, according to the Jewish Telegraph Agency.

REFUGEES' CAPITAL

A World Jewish Congress delegation is also here and, in a statement issued yesterday, expressed appreciation of the British and American delegations' view that Germany and other emigrating countries should permit refugees to take out their capital.

Dr. Chaim Weizmann, on behalf of the World Zionist organisation, submitted a memorandum to the Conference, drawing attention to the possibilities of Palestine settlement as a solution of the Jewish problem. (Reuter).

FRANCO-ITALIAN FRONTIER INCIDENT

Rome, July 8.

The French Charge d'Affaires at Rome has protested to the Italian Foreign Office against an alleged incident in which two French tourists accidentally crossed the border into Italian territory.

It was stated that as soon as they realised their mistake, the tourists returned to French soil, but Italian frontier guards fired on them, seriously wounding one whilst in French territory. (Reuter).

IMPORTANT CHANGE INTRODUCED IN THE DIOCESAN BOYS' SCHOOL

Physical Training

(Continued from Page 1)

HEADMASTER'S REPORT

In his report, the Headmaster said:—

In this report as in my last I shall not attempt to review the whole life of the school during the past year. It will be better to speak only about some of the more important matters.

The school has increased considerably in numbers. In January 1936, we had on the roll 284. In September, 1936, 359, in September 1937, 436, and now we have over 450. This is due to our policy of doubling the classes throughout the school instead of only having two or three classes doubled, as was the case for many years previously. The extra classes have been added one at a time, and next September, when we shall have 5a and 5b, every class will be in two sections except 1 and 8. This system makes it far easier to place boys in suitable classes and to regulate promotions.

In spite of the larger number, the percentage attendance has been extremely high throughout the year. Even the old time custom of being absent for the week or two before the examinations has practically died out, a full attendance in almost every class being maintained to the end.

In this and in other ways students show greater confidence in their teachers and far more readiness to accept advice than was the case even a few years ago.

PHYSICAL TRAINING

A very important change has been the introduction of physical training throughout the school. The instructors are to be congratulated on the very noticeable improvement in health and physique which has resulted.

The value of this is however greatly lessened if it is not accompanied by a corresponding attention to personal cleanliness and hygiene, in which teachers and parents share the responsibility.

An experiment was introduced in February by which every Friday afternoon during the last lesson, classes 1 to 5 have what is called a 'Hobbies' lesson. They re-divide, as far as possible according to their own choice.

Hobbies so far offered include drawing, nature study, gardening, handicrafts, model making etc., photography, geography, stamp collecting, acting, debating, Chinese art, use of abacus etc., commercial subjects, music and extra English.

We hope to add to this list and continue thus to increase every boy's cultural background, to encourage proper use of spare time, and to adjust better the all important balance in a boy's preparation for life between his physical, mental and spiritual needs.

SPIRITUAL LIFE

These are of course by no means the only activities of the school outside the normal class-room work.

Notable features in the spiritual life of the school have been the steady increase in the annual number for confirmation, the formation of a chapel committee with many duties and responsibilities, and the holding of two communion services for old boys as well as staff and students. These have been well attended and have proved to be happy and inspiring reunions.

SHOE SHINING CLUB

One of the most significant events in the past year has been the formation of the Shoe Shining Club. This originated among the students themselves and the purpose was to raise money for medical supplies and war relief.

Hundreds of dollars have been raised by the literal shining of shoes in this school, and in others which members of the club have visited. They have been ready to perform this humble and Christ-like act of service to any one irrespective of age, social class or wealth; and sums of one cash to ten dollars or more have been received for it.

In addition they organised a most successful concert in April and have been very useful in helping at various concerts, bazaars etc. organised for the same purpose by other institutions. The school also gave an official Double Ten concert, where the same students were prominent helpers, and altogether we have directly contributed well over \$5,000 to war relief and medical supplies.

The spirit of co-operation and service, and the ability to organise shown by the students has been very pleasing and is a hopeful sign for China's future.

HONOUR FOR OLD BOY

An event which gave us unqualified pleasure was the honour conferred on one of our distinguished old boys when Sir Robert Kote-will received his knighthood. Seldom has honour been more justly given where it was due, and our only regret is that Sir Robert is away from the Colony and cannot be here to receive our delighted congratulations in person.

His absence makes us all the more glad to welcome Dr. Li Shu-fan, the president of the Old Boys' Association, whose responsible position on the Legislative Council fills us with pride. These and other of our public-spirited old students set an inspiring example of service to those still at the school.

STAFF'S LOYALTY

There have been too many changes on our staff and on our committee for me to enumerate them all.

May I just say a very big "thank you" to them all for the constant loyalty and zeal and faithfulness to duty which they have shown, giving just that support upon which every headmaster is utterly dependent.

I also wish to express a hearty welcome to all who have joined us this year and the hope that we shall enjoy their friendship and help for many years to come. May I also include in my "thank you" all those outside the school who have helped in any way, friends, doctors, hospitals, professional men, and many others who have in various ways contributed to our life.

SCHOOL CERTIFICATE

Last year I said quite a lot about the Class 2 examination, now called the Hong Kong School Certificate.

While during the last year this has been modified to some extent, I wish again to place on record my emphatic opinion that the standard is not suitable for a leaving certificate. I continue to deplore the way in which this examination dictates the work we do in Class 2 and encourages boys to leave before their school education is satisfactorily concluded.

We all await with eagerness the results of the report of the vitally important committee which went into the question of the training of teachers.

At the same time I must express the hope that any recommendations which are put into effect will not be allowed to put a still further strain on the slender finances of grant schools.

EXTRA EXPENSE

During the past months many improvements have been or are

being instituted by the Government, for instance physical training inspections, provision of music, art, handicrafts in school, dental service, and so on.

All those involve extra expense to grant schools, and no further grant is allowed us for provision, for instance, of pianos, gymnastic equipment and other costs involved. Such items are however allowed for in the estimates for Government schools.

It is greatly to be hoped that extra grants will be considered in connection with any such necessary expenditure.

It is easy to insist on improvement at other peoples' expense. It is our policy not to pass on these extras to the parents by special fees or increased fees, but we cannot continue this policy unless more help is forthcoming from the Government.

Apart from this factor of finance we are only too eager to see all these good things introduced. They are indeed a commonplace in most countries' educational systems, and it is high time Hong Kong was more up to date in its policy of education. I can confidently say the Grant schools have always been ready to lead the way and in many cases have actually been the first to effect reforms in spite of financial handicap.

NEW APPOINTMENT

My report is already over long, but I cannot conclude without saying how hard it is for me to face the prospect of saying goodbye in a few months. I would gladly have finished my working days here, and it is cruel indeed to break off all the contacts and friendships which have been built up in the last six happy years.

The call which has come to me came unsought and unexpected, and inward conviction tells me to obey. I have tried with all my heart and soul to help forward the Diocesan Boys' School and I love it most deeply. It is impossible to go without feeling that a large part of me will be left behind.

May I thank you all for everything which has contributed to the progress of the last few years and ask, as I do with every confidence, that you will support and befriend my successor in the same splendid way. I do not know much about the life to which I go, but I promise you this, that there will always be a welcome and a bed for any visitor from the D. B. S.

Finally let me thank His Excellency and Lady Northcote for their gracious presence here, which has so much honoured and encouraged us.

DR. LI SHU-FAN

Hon. Dr. Li Shu-fan, President of the Old Boys' Association then said:—

I recall to my mind the days when I left the school some twenty-five years ago, when the premises were no more than a collection of a few modest rooms, whereas today it has grown into an institution of great magnitude, standing as it is on this beautiful campus of twenty-five acres. Undoubtedly, this is one of the most magnificent schools in the Far East.

That the school has metamorphosed into its present size and status is due in no small measure to the able and indefatigable efforts of the present Headmaster, Rev. C. B. R. Sargent. It is with the greatest regret that I learned of Mr. Sargent's impending departure. He has steadfastly given the best in him and was largely responsible in making the school into what it is today. Besides, he has always been a source of inspiration to the boys. Mr. Sargent will be hard to replace, and I have a firm conviction that we shall miss him terribly. The only consolation we have is in the feeling that, what is a loss to this school is a gain for the Church.

FINE SHANGHAI SHOT LEAVES FOR HOME

Mr. C. W. Glover Captained Team To Bisley

One of Shanghai's finest shots, a man who successfully captained a team to Bisley and who is one of the King's Hundred, is sailing home by the S.S. Ranchi in the person of Mr. C. W. Glover.

After having served as Engineer on board several of the P. and O. steamers, Mr. Glover went to Shanghai in 1914 and joined the S.M.C. Electricity Department, as Charge Engineer in the Fearon Road Power Plant. He left the S.M.C. at the beginning of the World War, and acted as Chief Engineer of the old Austrian-Lloyd S.S. China, which mounted 6-inch guns and operated as an arm transport on the Atlantic between America and Europe.

At the close of the war, he returned to Shanghai and rejoined the S.M.C. as Assistant Engineer in the Public Works Department. Since then, he has been principally connected with mechanical and electrical matters in connection with the sewage scheme, refuse incinerators, and so on.

SPORTING RECORD

Mr. Glover joined the Shanghai Scottish Company of the S.V.C. a few months after it was formed and only transferred to the Reserve of Officers last year. He was the company's most outstanding shot, winning not only many of the unit's own events, but also many Corps and Shanghai Rifle Association competitions. He represented Shanghai several times in interport shooting competitions.

Furthermore, he successfully captained a Shanghai team to Bisley, winning the Junior Kolapore in 1933. He also shot on the national team of Scotland and is one of the King's Hundred.

In addition to being an expert shot, Mr. Glover is also an enthusiastic lawn bowler, and is a past president of the Shanghai Lawn Bowls Club and of the Shanghai Lawn Bowls Association. He was successful in many open events and interport matches (both home and away).

and for China as you probably know. Mr. Sargent is Assistant Bishop-Designate of Fukien. I wish him good health and every success in his new sphere of work.

DISTINGUISHED OLD BOYS

As President of the Diocesan Old Boys' Association perhaps it is to be expected that I should speak of some of our distinguished Old Boys.

Fifty-five years ago a boy was registered at this school under the name of Sun Tai Chiu; the registration number was 100. Little did the school-masters and his fellow-schoolmates dream that this unknown boy would in later years become a world figure. This little boy was no other than Dr. Sun Yat Sen, the founder and first President of the Chinese Republic.

This year, yet another Old Boy has distinguished himself. In recognition of his public services to this Colony in general, and to the Chinese community in particular, His Majesty The King has conferred on him the honour of Knighthood. You all know I refer to the Honourable Sir Robert Kote-will. Sir Robert is Vice-Chairman of the School Committee as well as Vice-Patron of the Old Boys' Association.

PRESENT BOYS' PRAISED

I wish now to say a word of praise to the present boys who in this moment of emergency, have

LOCAL ESTATES

An application by Lau Hok-poy, import and export merchant, lawyer, for sealing certified copy of probate of the will of Yee Wing, merchant, who died in New South Wales, on June 18, 1937, has been granted. Deceased left local estate valued at \$100,000.

Li Sung-hing, silk merchant, who died on February 18, 1938, left local estate to the value of \$14,000. A petition by Li Yuen-shi, alias Yuen Shi-wai, concubine, and Li Kwong-chung, clerk, for grant of the will of the deceased, has been allowed.

A petition by Gum Ah Dor, for grant of letters of administration with the will annexed, to the estate of Arthur Edward Moyhing, retired accountant, who died on December 13, 1937, was also granted. The late Mr. Moyhing left local estate sworn under \$4,500.

banded together as one man, in raising funds for medical relief work. They have even formed a Shoe Shining Club in order to augment their funds. It is not surprising that they have succeeded in contributing over \$5,000 for the cause.

I note with pleasure from the Headmaster's report of the recent introduction of physical training throughout the school. There can be no doubt of its value and necessity; for, a strong physique conduces to a strong character.

One more encouraging feature of the school which I am pleased to note, is the enormous increase in the number of students during the last three years.

PA KIANG AND FA YUEN BOMBED

Canton, July 8.
Fifteen Japanese planes carried out bombing operations shortly after noon today on Pa Kiang and Fa Yuen, 30 miles north of Canton. The extent of the damage is not yet known.
The planes passed over the north-eastern outskirts of the city from Whampoa on their way to the Canton-Hankow Railway.
The Japanese pilot, who baled out in a parachute after his plane was shot down yesterday, was killed upon landing. His body was sent to Canton today.

JAPAN WITHOUT
FIXED POLICY

THE die is cast. The entire people of the Chinese nation, fully apprised of their tremendous duty to their country, and to the world, will not look back.

The above is an extract from the manifesto issued by Generalissimo Chiang Kai-shek on the eve of the first anniversary of the war. It is a statement that rings with firmness and sincerity, and for that reason it cannot but command the respect and sympathy of the whole of the civilised world. One year of fighting has proved to the world that China today is a unified country, that the national spirit is so closely knit that no amount of bombing or shelling will be able to disturb it.

LIKE the wise judge that he is, the Generalissimo though satisfied with the way the Chinese have resisted all advances, is by no means unduly elated. On the other hand he chooses to be rather on the conservative side and in his speech broadcast from Hankow on Wednesday night, he warned China's millions that they must be prepared for greater hardships ahead and be ready to make further sacrifices to carry this war of resistance to a successful conclusion.

There is no need for us to say that we feel certain any further calls on the people of China will be gladly and cheerfully met. The trouble that confronts the leaders of the Japanese fighting forces is that they do not seem to know what they are fighting for, or in other words there is no fixed policy in the Japan of today.

Japan that is continually in a state of POLICY IN flux. Labour troubles, shortage of finance and growing discontent among the civil population as well as the rank and file in the Army and the ratings in the Navy, are but only a few of the rumblings that threaten to sweep the country into disorder.

CHINA, on the other hand, is pursuing her war of resistance on a definite policy—that of freeing the country, once and for all, of the unwelcome interference which "those kindly Nipponese" have shown for many years past. China "will continue to fight even when only one inch of her territory and one man are left," said the Generalissimo, and much as the Japanese hate to, they will be the first to admit that the Chinese are capable of carrying out this determined threat. It is because of this determination that China has been able to resist all the atrocities committed by Japan during the past year.

The same determination will carry her through until the invader leaves—tail between the legs. As the Generalissimo said greater hardships might have to be endured and greater sacrifices, perhaps, have to be made. But China today is one and when any unit is resolved to fight through, come what may, the outlook must indeed be bright.

SUMMARY COURT
CLAIMALLEGED BREACH
OF CONTRACT

A claim for alleged breach of contract was brought against A. A. Rumjahn, trading as Beaux Arts, and the Beaux Arts, by Antonio da Motta, before the Acting Puisne Judge, Mr. Justice E. H. Williams in Summary Court yesterday.

Mr. C. D'Almada appeared for plaintiff and Mr. C. A. Sutherland for the defendants. The claim alleged that by a contract dated April 8, 1938, defendants agreed to decorate plaintiff's premises at No. 84 Gloucester Road ground floor, for \$1,000, the work to be completed within 30 days from April 11, 1938.

Defendants commenced certain preliminary work on the premises but failed to complete the work of decoration. By reason of defendant's breach of contract, plaintiff had to employ another contractor at an increased rate to complete the work and he had lost the use of the premises from May 11 when defendants ought to have completed the work.

Plaintiff had also lost the sum of \$1,000 which in anticipated performance of the said contract he had paid to defendants on April 8, 1938.

Plaintiff claimed \$1,600, but in order to bring the claim within the jurisdiction of the Summary Court, plaintiff waived the sum of \$600.

Defendants plead that they were prevented by plaintiffs from carrying out the completion of the contract, and counterclaimed for the sum of \$1,000 due and payable by the plaintiff to the defendants in respect of the said contract. Evidence was given by Mr. M. A. Xavier, architect, and by plaintiff, who said he was licensee of the Liberty Hall restaurant, after which the hearing was adjourned to August 3.

TROUBLE OVER
SMALL DEBT

An unemployed, Chan Sze-long, was sentenced to two weeks' imprisonment by Mr. Butters at the Central Court yesterday when he pleaded guilty to the charge of inflicting grievous bodily harm on a shop fook, Cheung Pak, in Elgin Street. Chan was ordered to pay \$5 compensation, failing which he is to serve a further week's sentence.

Detective-Sergeant Terret said the defendant, called on the complainant to collect a debt of fifty cents, and struck complainant with a file when he failed to collect his money.

PUBLIC MISCHIEF
CHARGE

An unusual charge of "causing or tending to cause a public mischief on June 14 by writing a letter containing a false statement, to the effect that a constable had extorted the sum of \$1.50 from another person, thus causing officers of the Police force, maintained at public expense and for public benefit, to devote time and service to the investigation of the false statement" was preferred against a professional letter writer, Chau Wo, and a man named Chan Hing before Mr. Butters at the Central Court yesterday.

The second defendant was represented by Mr. F. E. Nash and the case was remanded for 24 hours.

JAPANESE FINED

Before Mr. Lockhart-Smith at the Central Court yesterday, three Japanese were charged with the breach of the Passport Regulations. Charged with failing to report his departure for and arrival from Macao within 24 hours, Tetsumoto Sanji, 40, clerk, was fined \$5 on each charge.

Motomune Koroku, 42, barber, charged with a similar offence was absent and had his bail of \$20 as treated.

A geisha girl, Nakamura Taka, 18, was not in Court on the same charge as she was sick in bed. A warrant for her arrest would be issued if she failed to appear, it was stated.

RUSSIAN CONCERT

A delightful programme of Russian music and songs was rendered to a large audience at St. Andrew's Church Hall, Kowloon, last night. Among those taking part in the performance were Mr. A. V. Blodin (bass) and Miss Anna Lovtsoff.

CLIPPER DELAYED

The Hawaii Clipper which was expected to arrive at Kai Tak aerodrome some time this afternoon, will not arrive till Monday morning.

What Our
Readers SayCHINESE WAR
CHARITIES

[To the Editor, The Hong Kong Daily Press]

Sir,—One of the members of the Red Cross Commission sent out to succour the wounded was Dr. Milch, of Vienna, who has now accepted the position of Medical Officer of the Pakhoi Po Yan Hospital, (C.M.S.). Through him we have received a representative selection of woodcuts of striking originality and beauty by his wife, Dr. Emma Milch-Bormann, Professor of Applied Art at Vienna University, whose work in this matter has a European reputation.

The artist has sent out these impressions of the scenery and old-world towns of Austria and Germany, and some of the cities of England and the new world, to be sold for the benefit of the Chinese Red Cross, and we hope the Hong Kong public will give a hearty response when they are placed on exhibition at the St. John's Cathedral Hall on Monday, July 11, and the next two days. The exhibition will also include the work of Mr. Wong Qi Hung, who was a Hong Kong boy, though he received his training in Canton. He was one of the most brilliant and promising of the younger artists of the modern school, and returned to Hong Kong only to die. It is hoped by the sale of his pictures to provide for his widowed mother.

The Very Rev. J. L. Wilson has kindly consented to open the exhibition at 5.30 p.m. on Monday, July 11, and it will remain open from 10.30 a.m. to 7.30 p.m. on the next two days—Yours truly,

IRENE M. ASHBY MACFADYEN,
President, H.K. Working Artists' Guild.

MONSTER
FOUND
WHOLE

The complete carcass of a prehistoric monster—the first of its kind ever found—is to be brought from Wrangel Island, South-Eastern Alaska, to Soviet Russia in a ship remodelled for the purpose.

A scientific expedition will sail from Vladivostok early next month in a ship with refrigerator plant installed to preserve the carcass. As the ship cannot approach the southern coast of Wrangel Island, a special ferry must be built to bring off the carcass.

The carcass weighs nearly four tons, and the rock in which it is embedded weighs seven tons.

A special packing-case, as big as a railway truck and weighing three tons, has been built to contain the scientific relic.

GAMING CHARGE

Ma Tau-pam, a well-known local business man, appeared before Mr. Butters at the Central Court yesterday on a charge of allowing Tai Tung-shung to keep a common gambling house in his house No. 20, Shan Kwong Road.

Defendant was represented by Mr. H. L. Kwan and pleaded not guilty. Bail of \$1,000 was fixed.

BRITISH MINISTER
TRANSFERRED

London, July 8.—The British Charge d'Affaires in Hendaia, Mr. Thompson, has been transferred to another post abroad, reports The Times. Mr. Thompson's successor will be the British Minister in Mexico, Mr. Owen O'Malley. (Transocean).

On the occasion of the French Day on Thursday, His Excellency the Governor and Lady Northcote will be present at the reception to be given by the French Consul-General in the forenoon.

Mrs. R. M. Henderson, wife of the Director of Public Works, will open the new clubhouse of the Public Works Recreation Club at Causeway Bay on Tuesday at 5.30 p.m.

DAEDALUS LEAVES

Three passengers, one for London and two for Bangkok, left by the Imperial Airways plane, Daedalus, yesterday. The plane also carried 154.717 kilos of mail and two kilos of freight.

D.B.S. SPEECH DAY

(Continued from Page 7)

MR. P. S. CASSIDY

The Secretary of the School Committee, Mr. P. S. Cassidy, said:—

I have been asked to say a few words on behalf of the Governing Committee of the School by way of public acknowledgment of Mr. Sargent's devoted and efficient service as Headmaster during the past six years.

When Mr. Sargent arrived here in June 1932 he took over a school which was suffering from the effects of seven years buffeting at the hands of fate. He knew of the extraordinary run of bad luck which had left the School heavily in debt to Government and he was aware that his tenure of office might not last the year out. He found a school with fine traditions behind it but with less than 300 boys and a depleted staff.

His first report to the Committee did not mince matters and he frankly warned us that his policy of reorganization might not show any appreciable results inside a year. However, he convinced the Committee that his policy was sound and on the strength of it we were able to persuade the Government to modify the terms of our loan. That brought us some relief and Mr. Sargent was able to go ahead.

HEAVY LOAN TO CARRY

Generous as the Government's revised terms were we still had, as we have today, a heavy loan to carry and interest payments, which although on a reduced scale, leave us with practically nothing for development.

Nevertheless Mr. Sargent has accomplished much in the face of various difficulties and when he comes to hand over the School in a few months time it will have over 450 boys on the roll and it will be in a high state of efficiency.

For this state of affairs we have entirely to thank Mr. Sargent who has devoted time and energy to the School in a remarkable degree. His only relaxation seems to have been cricket on Saturdays in the winter and gramophone recitals at Z.B.W. Studio. Out of school hours he has given much time to the interests of education and although his views may not have been completely coincided with those in official circles I cannot help feeling that the educational policy of this Colony can be greatly helped by independent critics with post-war experience of teaching in England.

Mr. Sargent has told you that his new appointment came unsought. I can endorse that for I have been in his confidence over this matter. The Committee would, of course have rejoiced if he had decided to remain but they realize that as an ordained priest Mr. Sargent's first duty is to the Church and they feel that the School's loss will be the Church's gain. Might I add that we hope it will be a gain to China which is being so nobly served by Christian missionaries during its present trials and tribulations.

NEW HEADMASTER

Most of you have doubtless heard that the new Headmaster is to be Mr. Gerald Goodban of Bishop's Stortford School. He was a scholar of Lincoln College, Oxford, and like the Bishop and Mr. Baines, was for a time a travelling secretary for the Student Christian Movement. From the reports of those who know him and from correspondence exchanged with him I am confident that we have found a worthy successor to Mr. Sargent.

I must not forget that most of my audience are the boys of the School. To those who are about to start out in the world let me say this: You have had the advantage of working under a Headmaster who has placed Service before Self. His standards are of the highest. Let him be your example and like him never be content with the second rate.

To those of you who are remaining in the School may I appeal for your loyalty to Mr. Goodban. He may have different ideas and methods from Mr. Sargent but you must bear in mind that he will be doing what he thinks is best for the School. Give him all the backing you can and make him feel that you are determined to help him carry the School to still greater heights.

Let me conclude on this note. I have been privileged to serve this School, first as Treasurer and then as Secretary, for over 15 years. I have had some pretty anxious moments, during the time but I can say with confidence that I now feel perfectly happy about the prospects of the School because of what has been accomplished by Christopher Sargent.

GOVERNOR'S
SPEECH

His Excellency the Governor said:—

I suppose that the principal thought in the minds of everyone today is that in a se though happily not an immediate one, we are saying "Goodbye" to the Headmaster, Mr. Sargent. It is very clear from the few words which he has let fall on the matter that his heart is painfully wrung and I would not add a feather's weight to the burden which is oppressing his soul.

But deeply though we sympathise with him—and, I may say, ourselves—at that prospect, it would be misplaced kindness were no word to be said today of his services to the Diocesan Boys' School during the last six years. I will, however for his sake confine what I have to say to the smallest possible compass.

Six years ago when Mr. Sargent came here, he found a school heavily encumbered with debt and other consequent difficulties. Much of the dead weight of debt has been lifted from the school, owing to his energy and devotion; as for other troubles, you who have known the school much longer than I am well aware of the great revival that Mr. Sargent has brought about; I will not go into details. His Headmastership has been to him a labour of love and his success must have made it also a labour of joy.

A GREAT LEADER

For the moment the coming parting has beclouded his sky; but when that cloud has passed, by you may be sure that the joy of the past will still be shining on him and will strengthen him in his new and great post. On his appointment to his Bishopric we congratulate him very warmly. The Diocesan Boys' School is losing a great leader; Fukien is gaining an assistant Bishop; a proved administrator and one who is devoted to the service of humanity.

We have heard the School's Report read and we have gathered that the past year has seen many gains and betterments. That which on the whole pleased me most was the statement that attendance had improved by a great deal, and my reason for being pleased at that was not merely, or even principally, because it meant that lessons were better learned though that is not unimportant. Rather it was because regular attendance is a sign that a school is morally healthy.

For a school is not or should not be, just a collection of individual boys each merely trying to acquire as much book-learning as possible; a good school is a living thing, which depends for its strength and vitality on those who teach and those who are taught in it. If they are keen, the School as a whole is keen; if they are proud of their School the School reflects that pride and wins respect and honour among other schools.

THE SCHOOL SPIRIT

That is how in Great Britain there has grown up what we call "the school spirit," a pride and love for one's own school that does not consist just of shouting when the school team is playing a match or competing at athletics with another school, but rather in never doing anything that will let one's school down. And nothing lets a school down more than slack or irregular attendance.

And that leads me to another point, which, however, like the last, has no particular application to the Diocesan Boys' School. It is, I am told, too common a practice in Hong Kong for parents to move their children from one school to another. Occasionally, of course, there may be good reason for doing so, but certainly it is a step which should not be taken without very strong reasons.

SCHOOLING SET BACK

On the one hand nothing sets back a child's actual schooling so much as being moved from pillar to post; on the other, the more valuable side of education, that is, the formation of character, profits immensely if during the all important years of childhood there is continuity and scope for quiet growth.

Moreover that ardent love of and pride in one's own school, of which I have just spoken, must fall to inspire the boy who is moved from school to school. I do so earnestly urge parents for the

FRANCE INCREASING KWANGCHOUWAN

People's Council Hears Reports

Hankow, July 8. Reports on interior, foreign, educational and financial affairs were made by General Ho Chien, Dr. Wang Chung-hui, Mr. Chen Li-fu, and Dr. H. H. Kung, Ministers of Interior, Foreign Affairs, Education and Finance respectively, at yesterday's session of the People's Political Council.

The Council appointed a committee of nine to draft a manifesto which will be issued upon adjournment.

Members of the Council observed a three minutes' silence in commemoration of the war dead at noon.

LIN SEN'S HOPES

Three hopes were expressed by Mr. Lin Sen, Chairman of the National Government, in a statement to the Council.

First, that members of the Council, being all men of knowledge and experience, will use their collective brainwork to strengthen China's power of resistance.

Second, that members of the Council will lead the nation in promoting productive, economic and reconstructive enterprises, as victory in modern warfare rests not only on military force but also on economic, scientific and cultural progress.

Third, that members of the Council will sink whatever differences they may have and work together to achieve a single aim, namely, the regeneration of the Chinese nation.—(Central News).

H. E. the Governor and Lady Northcote will attend Divine Service at St. John's Cathedral at 11 a.m. tomorrow. His Excellency will read the Lesson.

Lady Northcote will attend a meeting of the Halcyon Club on Monday at 4 p.m. at the Peak Mansions.

DEFENCES

Airfield Being Enlarged As New Planes Arrive

(From Our Own Correspondent)

Canton, July 8. According to the vernacular papers, France is increasing defence works in Kwangchouwan. Following the arrival of 30 warplanes and with more to come, the new aerodrome is being enlarged and more hangars are to be constructed. Three French warships are anchored near the port.

Chinese residents in the leased territory have been invited to join a militia corps, modelled on the French Foreign Legion, four companies of which are to be stationed in Kwangchouwan.

Chinese opinion here is that it is preferable to have the Paracel Islands protected by Annamite guards than to have them fall into the hands of the Japanese, who will use the islands as a base of operations. This view is shared by a diplomatic official here, who does not, however, express the official Chinese opinion.

TAKEN FOR GRANTED

The Canton Daily Sun today quoted the Hong Kong correspondent of the Osaka Mainichi, who was ordered to cover the waterfront in Haiphong, as saying that large shipments of arms for China had arrived at the French port. He saw many cases, which were taken for granted as containing arms.

Commenting in a lighter vein, the Daily Sun stated that the cases might be perfumes and cosmetics from Paris or refined sugar and rayon from Osaka.

TERRORISTIC OUTRAGES IN SHANGHAI

Organised Outside Foreign Areas

Shanghai, July 8. Under the heading "Shanghai's Reign Of Terror" Mr. H. G. W. Woodhead, well-known British journalist, writing in the monthly review, "Oriental Affairs," says that the number of times and the wide distribution of the terroristic outrages that marked the first anniversary of the outbreak of Sino-Japanese hostilities leave little room for doubt that they were organised outside the foreign areas.

Within the foreign areas south of the Soochow Creek today, some three million Chinese are concentrated. The entire Chinese population in these areas enjoys a privileged position by reason of the international character of the Settlement and the national character of the French Concession, he writes.

Save for destitute and unemployed Chinese in the foreign areas, they are probably better off and less affected by the hostilities than any other large Chinese community with the possible exception of that in Hong Kong.

It would seem reasonable in the circumstances to suggest that they should recognise some elementary obligations to the authorities upon whom they rely for protection.

The present and future peace of the foreign areas is seriously menaced by the influx of hired gunmen and terrorists and the "events of July 7 have made it clear that not even the most elaborate police and military precautions can cope successfully with outrages of this type."

Matters have now reached such a stage that both the foreign Councils will have to seriously consider imposition of further restrictions upon the Chinese population that enjoys their hospitality.

WEAK SPOT

The weak spot in dealing with terrorist activities is the fact that in the area under Japanese military or naval control they come within the scope of martial law whereas in the foreign areas they are still treated as ordinary criminal offences with peace time limitations upon punishment. Moreover, even where murder is proved, there is at the moment no procedure for carrying out capital sentences.

It is a matter for serious consideration whether, after a prima facie case has been made out for unlawful possession of weapons or explosives, the culprits should not be handed over to be dealt with under martial law. There appears to be no valid reason why they should enjoy immunities of law-abiding citizens in the foreign Municipal areas when they endanger the peace and order thereof under external instigation.—(Reuter).

JAPANESE DEMANDS

Shanghai, July 8. Demands that steps be immediately taken to prevent recurrence of terroristic outbreaks such as those witnessed on Thursday will be made by the Japanese authorities through their Consul-General to the Shanghai Municipal Council, a Japanese Embassy spokesman announced today.

Guerillas Are Constant Menace To Japanese

INVADERS' COMMUNICATIONS GRAVELY HAMPERED

Chengchow, July 8. Chinese guerrilla activities in Shantung and north Kiangsu have paralysed Japanese communications on the Kiaofo Railway, the Tientsin-Pukow Railway and the eastern section of the Lunghai Railway.

Large sections of the Kiaofo Railway track between Tientsin and Weibei, 183 kilometres west, have been heavily damaged by the guerrillas.

Owing to heavy damage done to the tracks and bridges, traffic on the Tientsin-Pukow Railway, and the eastern section of the Lunghai Railway, which has been suspended for some time, has not yet been resumed. Great difficulty is experienced by Japanese engineering corps in repairing the damaged lines as they are constantly attacked by the guerrillas.—(Central News).

A SICK CASE

patient arrive by air and was met by an ambulance.

SHARP FALL IN BASE METALS

London, July 8. Today's sharp fall in base metals is attributed by well-informed circles entirely to Wall Street's overnight hesitation.

It is pointed out that the United States domestic copper price recently advanced so rapidly that the potential consumer demand was largely ruled out while consumers on this side of the Atlantic refused, at least for the present to follow the market upwards especially in view of the growing feeling that Wall Street needs to pause in order to consolidate its gains.

It is stressed that the 95/- decline in tin to £189 5s. is entirely in sympathy with the 27/8 fall of copper to 38; and in no degree due to the announcement of the buffer pool plans which are generally as expected.

Chinese bonds displayed a firmer tendency on the stock exchange following news that the Chinese Ministry of Communications had handed over funds relative to coupons due on July 1 on various issues of the Lunghai Railway.—(Reuter).

BUFFER POOLS

Tin Dealers Disappointed

London, July 8. While some London tin dealers express disappointment that the buffer pools of ten thousand tons will not be fully accumulated until the end of January others point out it would have been extremely difficult to collect even as much as ten thousand tons more quickly without inconveniencing the market.

The former school of thought expects that its disappointment will be reflected in some reaction in the prices today but the latter considers that any weakening in values will be common to most commodities and merely a reflection on Wall Street's overnight hesitation, while confirmation of the pools buying and selling limits of £200 to £230 may even induce speculative buyers to enter the market more heavily on the knowledge that the price is almost certain to rise to the £200 level in the near future.—(Reuter).

He said that requests have been made to the Council to co-operate with the Japanese authorities towards preventing such outbreaks.—(Reuter).

GEN. CHEN CHENG ASSUMES OFFICE

Hankow, July 8. General Chen Cheng, new Chairman of the Hupei Provincial Government, and other new members of government, were formally inducted into office yesterday morning at a brief ceremony with Generalissimo Chiang Kai-shek officiating.—(Central News).

DIOCESAN BOYS' SCHOOL PRIZE LIST

(Continued from Page 8)

sake of their children not to shift them about unless driven by circumstances to do otherwise.

I listened with interest to what the Headmaster had to say about grants. It may be that the present system calls for review and I will take advice on the question; admittedly it goes to the root of the matter. What he had to say about physical training and hygiene I very strongly endorse; it was very pleasant, however, to hear the good account which he gave of the early days of physical training here.

There are other points of interest in the Report on which I could speak but time is running on, so I will only add an assurance of my pleasure in being here this afternoon and then end these remarks by wishing the Diocesan Boys' School all success in the next school year.

THANKS EXPRESSED

After His Excellency's address, the Scholarship awards were announced by the Headmaster, and was immediately followed by the presentation of prizes and sports trophies by Lady Northcote, at the conclusion of which a basket of flowers was presented to Lady Northcote by a junior member of the School.

After short speeches by O. V. Cheung, in English, and Ip Yee, in Chinese, the Chairman thanked His Excellency and Lady Northcote.

The School song was then sung and Bishop Hall pronounced the Blessing.

The following are scholarship winners:—

SCHOLARSHIPS
Class 1. Ho Kam Tong Scholarship:—This will be awarded on the results in the Matriculation Examination. Music Scholarship:—G. Goloboff.

Class 2. Piercy Scholarships:—These will be awarded on the results in the Hong Kong Certificate examination. Sykes Scholarship:—Tan Teh Chim; Music Scholarship:—W. H. Turner.

Class 3.—Chan Kai Ming and Arthur Scholarships:—Kwo Tuo Ching, Wong Man Hon, Ching Chiu Peng.

Class 4. Old Boys' Association Scholarship:—Ip Lai.

Class 5. Old Boys' Association Scholarship:—K. Ho.

Class 6. Woo Hay Tong Scholarship:—Mui Fook Kai, E. Randall, Ko Shou Cheng.

Class 7. Woo Hay Tong Scholarship:—Chan Chung Yiu, Lee Yu Chang, Lee Tsai Hwa.

Class 8. Woo Hay Tong Scholarship:—Lew Eui Kwong, Kwok Yam Yuen, W. Ho.

PRIZE LIST
The list of prizewinners is as follows:—

Class 1. Class Prizes:—O. V. Cheung, Wong Man Hung, C. N. Mathews, Chinese:—Ng Shin Hee; Old Boys' Prizes:—Ip Yee; Special Prizes (Hobbies):—O. V. Cheung (Photography); Physics:—Kwan Che Wan and G. Derkach; Chemistry:—Leung Kiu Mue; Readers:—C. N. Mathews and Kwan Che Kin; Senior Prefect:—Ip Yee; Special Prize:—Hui Kwok Hol.

Heavy Japanese Reverse Near Shaoyuan

Chengchow, July 8.

Launching a surprise attack on the Japanese forces at Shaoyuan, Chinese troops in north Honan near the Shansi border succeeded in exacting a heavy toll from the enemy on the evening of July 6. Apart from a large number of Japanese soldiers killed and wounded, fifty were made captive, it is claimed. The war booty seized included four light guns, more than 100 rifles and quantities of ammunition.

PUNISHMENT OF SPIES

Canton, July 8.

All persons arrested on charges of espionage are being given a speedy trial. Those who are found guilty upon preponderance of evidence will be executed in accordance with the Chinese penal code.

Those who are innocent may be released upon guarantee by persons and shops, but those who are unable to prove themselves innocent will be detained at the penitentiary.—(International).

The small village of Kikiachita, to the west of Shaoyuan, was retaken by the Chinese, while Shaoyuan is completely surrounded.

According to military intelligence received here, a number of Mongolian and "Manchukuo" troops in the Japanese camps recently revolted against the Japanese and in an ensuing armed affray about a dozen Japanese were killed and wounded.

The "rebels" were later subjugated by the Japanese.—(Central News).

innocent will be detained at the penitentiary.—(International).

ANTI-CHOLERA CAMPAIGN

All Residents Urged To Be Inoculated

89 Cases Up To July 7

Up to midnight on July 7, 89 cases of cholera had been discovered in Hong Kong, six of which had been imported from Macao Swatow and other Chinese ports also infected with cholera.

So far over half the number of persons taken ill with the disease have died and it is probable that the death-rate will exceed three in every five persons infected.

Since the opening of centres for inoculation against cholera at the end of May, some 105,000 persons have been inoculated.

There are still many persons in Hong Kong who have failed to secure such protection from cholera as inoculation affords, and they are urged for their own sakes not to be discouraged by the slight reaction which follows in a certain small proportion of cases—more especially when the inoculation is divided into two doses at an interval of seven to ten days, the first injection being a half dose.

PRECAUTIONARY MEASURES

Apart from securing some immunity by inoculation, residents are invited to give careful thought to the following precautionary measures:—

(1) Milk and water should be boiled. Non-aerated Chinese fruit or herb drinks should not be consumed, nor ice in drinks.

(2) Fresh, uncooked vegetables, cut or peeled fruit which has been

exposed to flies, raw fish, mussels, jellies known as "leung fan" and "man tau lo," or ice cream (unless from a source known to be above suspicion) should not be eaten.

(3) All food should be protected from flies, cockroaches, ants and other insects. Every fly should be regarded as a possible carrier of the cholera germ.

(4) All wastes should be burned or placed in covered receptacles pending removal and disposal in a sanitary manner.

(5) Swimming should not be indulged in within the limits of the harbour owing to danger of infection from sewer outfalls or from dejecta from shipping.

(6) Medical advice should be obtained immediately in cases of diarrhoea and vomiting.

(7) Suspicious cases of cholera should be reported immediately to the Health Authorities.

(8) Persons should avoid going to places known to be heavily infected with cholera.

DISCUSSION ON FUEL OIL

London, July 8.

The question of providing the British Navy and Air Arm with adequate supplies of fuel oil was discussed today by the Daily Mail which records the satisfaction felt by British naval experts at the gigantic oil deposits found in Persia.

The first two new borings, according to the results obtained hitherto, would be able to deliver three million tons of oil yearly or nearly one third of the production of the entire oilfields of this company. There the British Navy and Air Arm would become even more independent than heretofore.—(Transocean).

FIDAC MEMBERS RESIGN

Paris, July 8.

The French members of the International Committee of Ex-Servicemen known popularly as "Fidac" have resigned as a protest against the appointment of the Duke of Saxe-Coburg, Gotha, as President of the Committee states the right wing weekly publication Cymano.

The French members of the Committee, adds the Cymano, were prompted to this by the Quai d'Orsay. The British members of the same Committee, thereupon, made representations to the French and that if the French members would resign from the International Ex-Servicemen's Union, all British members would resign too.

The Italian ex-servicemen adopted the same attitude.—(Transocean).

SPORTING NEWS AND NOTES

BRITISH OPEN GOLF CHAMPIONSHIP

Many Prominent Players Fail To Qualify

Sandwich, July 7.
Only 37 competitors out of 123 qualified for the final stages of the British open golf championship here today. The qualifying score was 148 for 36 holes, and among prominent players who failed to return this, or a better score, were James Bruen, the 17 year-old Walker Cupper, Eddie Whitcombe, who was one of the leaders in the early qualifying rounds, Arthur Havers and James Braid.

J. J. Bussan, Richard Burton of Sale and W. Cox led the field at the close of today's play, each returning an aggregate of 140 for the two rounds.

Cotton's score was not included in the early returns.

Records were beaten and equalled during the day. Brews, in shooting a 70 to aggregate 148, did the homeward nine holes in 33 strokes which is a record for the championship links.

Cyril Tolley, former British amateur champion and Walker Cup player had a 68 to total 145 and to equal the amateur record for the course.

The following were some of the day's scores.

QUALIFIERS

J. J. Bussan	71-69-140
W. Cox	70-70-140
R. Burton	71-69-140
B. Gadd	71-70-141
Adams	70-71-141
French, West Surrey	72-71-143
Dallmagne	70-74-144
Black	72-72-144
Alan Dalley	73-72-145
C. Tolley	77-68-145
Fallon	70-75-145
A. Perry	71-74-145

EASY TASK FOR KENT

BRAVE INNINGS BY NEALE

Kent beat Gloucestershire at Gloucester recently by 10 wickets. Gloucestershire avoided the innings defeat, thanks largely to a brave century by Neale, his fourth this season, but Woolley and Fagg were well up to the task of making the runs necessary for victory, says The Times.

The day's cricket was a good deal more entertaining than might have been expected, even from the Gloucestershire point of view. There was, besides, the cheering news of what Hammond had meant to England at Lord's if he could not be there at Gloucester to help Neale, Haynes and Monks take some of the sting out of almost inevitable defeat.

When the third day's play was begun Gloucestershire still had to score 112 runs if they were to force Kent to bat for a second time. There were seven wickets to fall but, when Crapp almost at once swelled the list of W. H. V. Levett's victims behind the stumps, and Wilson stayed no longer, it really seemed as if the match would be all over before luncheon.

THE BOWLING ATTACKED
Neale and Haynes, however, were not content to fade away tamely on a pitch which, after all, still had plenty of runs in it. Neale was one of the few members of the old brigade in the side and his steady worth was soon proved.

He took his time until the Kent total had been passed, and then he began to attack the bowling, as Haynes already had been doing. Haynes made a useful 41 in the first innings, and his 49 in the second innings confirmed an excellent impression.

Taylor failed again, bowled this time by Watt, but Monks helped Neale to put on 102 runs for the eighth wicket.

By contrast the last two added nothing at all, but it was sheer bad luck that Neale had been run out by a throw in from the deep field. Fagg had only one stump for a target, but he scored a direct hit.

One felt grateful to Gloucestershire for leaving Kent to score as many as 97 runs if only because it offered a further view of Woolley. Fagg made 35 runs in the manner of a man determined to wipe out the memory of a duck, but it was Woolley who gripped more of the attention.

There were few big hits, but again an easy flow of strokes which must have been most disconcerting to Gloucestershire's largely reserve attack.

CAMBRIDGE BEATEN AGAIN

Easy Win For Hampshire

Once again Cambridge University have met with defeat. They were beaten by Hampshire at Southampton recently by nine wickets. The success of Hampshire was foreshadowed when the University failed badly in their second innings, giving an almost inexplicable display of batting on a wicket which was always good.

For the first time for many years Cambridge have almost completed their season without gaining a single victory and the reason is not difficult to diagnose.

Perhaps within the limits of living memory they have never been so singularly weak in bowling as they are this year, although it must be admitted that they have never had anything "but" easy wickets to play on and heaps of runs have been made against them.

Barely half an hour sufficed to finish of the University innings, the last three wickets adding only 18 runs. M. A. C. P. Kaye was out to a nicely judged catch at long-off. R. C. Gibb was soon beaten by Creese, and J. V. Wild put up an easy catch to cover point. Creese was easily the most successful bowler, his four wickets costing less than four runs each.

Hampshire were left to get only 93 runs to win, but in W. R. Rees-Davies' second over B. D. Carris might have caught Holt in the slips, although Rees-Davies took the wicket with his next ball. When J. P. Blake was joined by Hill runs began to come at a nice pace.

The University captain tried no fewer than six bowlers in an effort to minimize the extent of the defeat, but no further chances came their way and, in scoring 22 runs off 11 balls bowled by F. G. Mann, the end came just before the luncheon interval.

NOTTS WIN IN AN INNINGS

Nottinghamshire gained their third consecutive victory recently when they beat Northamptonshire at Trent Bridge by an innings and five runs.

The visiting county resumed in a none too promising position, for they required 143 to make their opponents bat a second time and had eight wickets in hand.

These wickets they lost for 138 runs, Voeck, in taking four of them, bringing his analysis in the match to eight for 107 runs. There were four wickets down for 29 before the first real stand was made, and then Brookes, hitting hard, and James, defending stubbornly, put on 40 in an hour.

The sixth wicket went down at 68, but James and Grimshaw then added 82 at the rate of one a minute. After they were parted, however, the innings and the match soon ended.

BASEBALL NOTES

Chinese Win The Pennant

BY PILAT

The Chinese won the baseball pennant together with the Bagram Shield when, on Saturday last, they accounted for the Volunteers by the comfortable score of nine runs to two.

Expected by many to be a close affair, the game turned out to be rather one-sided for, with the exception of the first frame, the Chinese were always on top.

Earl Wong, the Chinese star hurler, signalled his return to the mound with another good game and was chiefly responsible for his side's victory.

Veteran C. C. Lee, who used to play in good class baseball in the States, was on the slab for the Volunteers and pitched a useful game. He was, however, poorly backed by his fielders.

The Chinese were blanked in their first visit to the plate but in the next canto rallied grandly to chalk up four runs. The Volunteers, who have in their ranks some of the heaviest clouters in the League, were not in good batting form while their fielding was not up to their usual standard.

The Chinese played very well and showed much improvement over their last performance. A feature of their game was their squeeze plays which had the Volunteers guessing and forced them into numerous errors.

Now that the Chinese have won the title, interest is centred on the fight between Recreio and Mindanao for the runners-up berth. Mindanao have the harder task for, besides having to meet the Recreio, they still have to play the Volunteers and the Indians and both of these teams are capable of upsetting calculations.

There is some talk of Recreio withdrawing from the International series, this club objecting to play in mid-summer. It is hoped that they will not take this step for it will rob the series of much interest. The Portuguese lads have shown so much improvement since the season began that they are considered to have a good chance of winning this series.

As far as can be seen there will not be many changes in the teams for the International, with the exception of the Americans who with the Club and Mindanao combining, should be able to field a strong team. The dark horse in the series will be the Filipinos who will probably include a few of the Filipino B. G. stalwarts that played in the league last year.

TENNIS LEAGUE

"D" Division Result

The Kowloon Cricket Club lost to the Kowloon Tong Garden City Association by eight sets to one.

Scores:—

A. S. Bliss and T. A. Madar (K.C.C.)

lost to W. H. Wei and J. Mok 3-6

lost to W. K. Ma and Y. C. Lee 3-6

lost to N. A. E. Mackay and K. M. Lee 1-8

M. Gillard and A. Hazell (K.C.C.)

beat Wei and Mok 6-3

lost to Ma and Lee 4-6

lost to Mackay and Lee 3-6

L. W. Hulme and H. Burson (K.C.C.)

lost to Wei and Mok 3-6

lost to Ma and Lee 0-6

lost to Mackay and Lee 2-6

RAIN PREVENTS TEST PLAYERS FROM PRACTICE

Manchester, July 7.

The outlook for the Third Test is gloomy. It has rained intermittently for several days and it rained all night long on Wednesday and again before the forenoon today.

These downpours prevented the English and Australian players from practising at the nets.

The Old Trafford wicket is a natural wicket and has not been "doped" with marl for four years. It is therefore certain to be very soft.

In accordance with the rules the wicket will be covered at 11.30 in the morning, until the start. Police will guard the wicket during the night.

The majority of the tickets have been sold, and the authorities hope that weather permitting, the crowd will be in the region of 40,000. (Reuter).

COUNTY CRICKET

London, July 7.

Rain affected several of the county cricket matches in England today, and prevented play in the following games:

Derbyshire v. Sussex

Glamorgan v. Kent

Hampshire v. Middlesex

Warwickshire v. Sussex

Worcestershire v. Yorkshire

Close of play scores in the other matches were:

Northants 119 and 147, Lancashire 116 and 20 for 6

Notts 452 for 9 declared against Leicestershire. (Reuter).

A Sporting Finish

SELLERS TAKES A RISK

Splendid bowling by Smalles and a bold declaration by A. B. Sellers, the Yorkshire captain, brought a definite result as well as a keen day's play at Hull recently when Yorkshire beat Glamorgan by 12 runs. This was Yorkshire's sixth consecutive victory in the Championship and their eight altogether this season.

At the start of the day there seemed little prospect of a finish, but the batsmen on a sticky pitch had a disastrous experience, and Sellers' declaration left Glamorgan to get 163 to win in two hours and 50 minutes.

In the morning Smalles and Robinson got rid of the remaining nine Glamorgan batsmen in 50 minutes for 39 runs. Off-breaks round the wicket had every one in trouble, and Smalles took six wickets in 37 deliveries for 17 runs. Smalles was helped by some splendid fielding.

SMALLER'S WICKETS

When Yorkshire had scored 68 runs in 50 minutes Sellers declared with five batsmen out. Smalles justified his captain's decision by taking eight wickets for 68, bringing his figures for the match to 14 for just over seven runs each. Glamorgan were not slow in

BOARD ROOM ACOUSTICS

More criticisms of the acoustics

of the Board Room of the Singa-
 pore Municipality were made at
 a recent meeting of the Commis-
 sioners by Mr. G. Farbury.

He said that the poor acoustics

of the room had been commented
 upon on several previous oc-
 casions, and suggestion had been
 made for the use of microphones
 and loud speakers. Nothing had,
 it appeared to him, been done so
 far to improve the position.

Mr. W. Bartley, the President

said that experiments to improve
 the acoustics of the room had been
 going on but no satisfactory result
 had yet been obtained.

Importance Of National Production Stressed

Hankow, July 8. Addressing the nation in a broadcast speech last night, Mr. Wang Ching-wel, Deputy Chief Executive of the Kuomintang, declared that in addition to enduring continued sacrifices, the Chinese people should devote their greatest effort to the increasing of the nation's production.

China, Mr. Wang pointed out, offers with her 11,520,000 square kilometres of rich soil unlimited opportunities to her 444,400,000 people for productive work. Of the three requisites for economic development—land, man-power and capital—China has a boundless supply of the first two.

As regards capital, although China lags economically behind the western Powers, the question could be solved satisfactorily if her new currency system functions well, Mr. Wang opined.

Mr. Wang fully realised the danger of an inflation caused by increased consumption without corresponding production. If, however, increased issues were made for productive purposes, Mr. Wang believed they would, instead of disturbing the financial market, actually help in consolidating the economy of the nation.

This is because, he said, increased issues in this case secured by the productive enterprises for which they are made.

While first attention should be paid to the military requirements, Mr. Wang believed these enterprises need not confine to the production of war requisites.

It is high time, Mr. Wang said, for China to lay a foundation for her future peace time economic development. In such a way, he said, she may never have to witness the phenomenon of a so-called social revolution. (Central News).

CHINA MEETS BOXER PAYMENTS DESPITE WAR

Hankow, July 8.

The Chinese Government is paying about \$1,000,000 every month to the Board of Trustees for the Administration of the British Boxer Indemnity Refunds.

According to Mr. Han Li-wu, Director of the Board, this payment has been made regularly since the outbreak of the Lukou-chiao Incident last July. That, he declares, is a remarkable achievement under the existing circumstances.

Meanwhile, interest payments on loans for 1938, amounting to about \$4,000,000, which the Board had made to various government organs have also been paid up.

These payments represent the interest payable on a total investment of more than \$80,000,000 in various government enterprises, including railways, highways, conservancy projects and electrical works. (Central News).

General Wu Enjoins People To Effort

STRONG CONFIDENCE IN FINAL VICTORY

Canton, July 8.

The Kwangtung people as well as the Chinese in other provinces were urged by General Wu Te-chen, Chairman of the Kwangtung Provincial Government, in a moving speech at a meeting yesterday in observance of the "Double Seventh," to rally under the leadership of Generalissimo Chiang Kai-shek and to continue their efforts in carrying the war to a successful conclusion.

Declaring that China is now like a boat in distress on the high seas, General Wu enjoined one and all to play their part to pull the nation through danger. He attributed the intact resistance power of China after one year's hostilities to the strong confidence of the people in final victory, adding that, thanks to the war, the Chinese nation has achieved its strong unity.

Continuing, General Wu expressed the belief that since China can hold out against her formidable foe for one year, she can continue to resist for a number of years to come until final victory is won. He warned the people, however, to prepare for difficulties and supreme sacrifices ahead. (Central News).

WUHAN DONATIONS

Hankow, July 8.

China's war chest was swelled by large contributions from the Wuhan cities on the first day of the "Offer Gold to the State" Movement yesterday.

The largest single donation, amounting to \$100,000, was from four big cotton mills, Fu Hsing, Yu Hua, Sun Sing and Ta Cheng.

IRONSIDES GENERAL DECORATED

Canton, July 8.

General Li Han-yun, of Ironsides fame, who took part in fighting the Dolhara Division on the Lungshai Railway in late May, has been decorated by Generalissimo Chiang Kai-shek with the order of "China Armour" in recognition of his gallantry and generalship at the front.

General Li is on short leave following the strenuous campaigns at Lanfeng, and will shortly return to the front. (International).

Members of the People's Political Council contributed an aggregate sum of \$20,000.

The Hupei Provincial Government, the Wuhan Garrison Headquarters and the Political Affairs Department of Military Affairs Commission donated \$10,000.

The smallest donation, a single copper, was offered by a Boy Scout of beans. The amount represented his savings for the day. (Central News).

CHENGTSU'S GIFT TO COUNTRY

Chengtsu, July 8.

The local people turned out en masse to donate their money on the first day of the "Offer Gold to the State" Campaign launched here yesterday.

Setting an example for local government officials, General Wang Chan-hsu, Chairman of the Szechwan Provincial Government, Generals Tseng Hsi-hou and Pan Wen-hua, Szechwan army commanders, each donated \$1,000.

Two primary school students, Tse Cheng-chin and Tse Cheng-wan, each contributed \$1,000. A rickshaw coolie also emptied his several day's earnings into the donation box. (Central News).
